

Human Trafficking Case Manager/Advocate Course Overview

This course will prepare participants with information, best practices, and guidelines that will allow them to not only understand the unique, complex, and varied needs of victims of sex trafficking and commercial sexual exploitation, it will also help participant's in prevention and intervention program design, the establishment of community linkages and coalitions, ensuring cultural competency and humility, as well as fostering essential organizational functions, such as community outreach, client advocacy, and engaging policy makers/legislators.

All of these topics are essential to operating and sustaining programs that service victims of human sex trafficking and commercial sexual exploitation.

During this course you will be provided with instruction on the following specific topics:

- Societal attitudes toward human trafficking
- Case Management: Community Referrals and Resources
- Cultural Considerations, Cultural humility, and Competency
- Pimp Culture
- Housing needs of victims of human trafficking
- Public assistance and other financial resources available to meet the financial needs of human trafficking victims
- Victim-centered approach to services
- Barriers to getting out of the Life
